

Bradbury Science Museum's 2003-2004 Science on Wheels Registration Application Form

Due to the high demand for the Science on Wheels program last year, the registration process this year will be a random drawing from all interested applicants. Please read the brochure for other details about the program not listed here. This application form can also be downloaded and printed from the internet at: <http://www.lanl.gov/museum/application.shtml>

Dates to remember:

September 12: Applications must be received by the museum.*

September 22: Letters informing applicants whether or not they were drawn will be mailed.

October 3: If your application is drawn, you must confirm your reservation and choose your programs by this date by phone or your reservation will be cancelled. You will receive an information packet after you complete this step.

How to apply:

1. Choose a coordinator to submit only one application for each group of interested teachers.
2. Fill out this form with the requested information.
3. Fold the form in half so that our address on the other side is facing out.
4. Tape the edges of the form together securely, stamp it and mail it.

Coordinator's Name:

Name of School:

Phone number:

Mailing address: (Indicate whether home or school. Some teachers have found a home address is a more reliable way to get information.)

Email: (*An email address will allow us to send you a message confirming receipt of your application. No other confirmation will be available.)

Each group of teachers is limited to a maximum of 2 visit dates per year. Circle the number of visits requested: 1 2

On each visit date, we can come to a minimum of 4 and a maximum of 6 classes. Circle the number of classes requested: 4 5 6

List the names of any teachers in addition to the coordinator who would participate in each date.
